

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

 Western District — Patrick Shanahan.

ANNUAL REPORT

OF THE

CONTROLLER OF THE CITY OF DETROIT.

CITY OF DETROIT, CONTROLLER'S OFFICE, }
APRIL 14, 1869.

To the Honorable the Common Council:

GENTLEMEN—In accordance with the requirements of the City Charter (see section 24, chapter 8), I submit to your honorable body, the Annual Report for the fiscal year terminating March 31st, 1869, of the financial affairs of the city, together with the statements and tabular lists explanatory and auxiliary thereto, showing the sources from which all the funds were derived, and the purposes for which they were expended :

INDEBTEDNESS OF THE CITY.

The indebtedness of the city, bonded and all others (except the debt of the Water Commissioners, which is guaranteed by the city, and amounts to \$750,000), is	\$589,342 25
From which deduct the resources of the Sinking Fund, including city bonds held by the Commissioners of the Sinking Fund	67,146 59
Leaving liabilities to be provided for as the same matures	\$522,195 66

The following bonds fall due during the fiscal year 1869, and are as follows, viz :

ANNUAL REPORT OF THE

September 1, 1869, Sewer Bonds.....	\$4,000 00
October 1, 1869, " "	4,360 00
November 1, 1869, " "	2,650 00
" 22, 1869, " "	100 00
December 20, 1869, " "	550 00
October 10, 1869, Soldiers' Bounty Bonds....	20,000 00
October 10, 1869, " " " held by Commis- sioners of Sinking Fund.....	20,000 00
August 10, 1869, Soldiers' Bounty Bonds	28,000 00
	<hr/> \$79,660 00

SINKING FUND.

The cash resources of the Sinking Fund with the present credit of that fund, with the resources of the Sinking Fund held by the Commissioners of that fund, with the resources of the Interest Fund, will more than meet the requirements needed to take up the bonds maturing the present year.

The cash balance in the City Treasury, March 31, 1868, was....	\$89,733 35
The receipts during the fiscal year 1868, have been.....	878,106 02
The disbursements for the fiscal year 1868, have been.....	856,958 35
The balance in the City Treasury, March 31, 1869, is	110,881 02

INTEREST.

The interest on the public debt has been promptly met during the past year, and the balance on hand to the credit of the Interest Fund, March 31, 1869, was.....	24,329 93
--	-----------

LICENSES.

Receipts of licenses during the past year, were.....	5,346 50
--	----------

MARKET RENTS.

The receipts for market rents for the past year, were.....	5,755 45
--	----------

The amount assessed on real and personal property for the year

1864 was	\$293,751 20
1865 was	363,400 13
1866 was	399,641 89
1867 was	475,547 64
1868 was	492,756 25

I respectfully refer your honorable body to my report in regard to appropriations necessary to be made for the different funds for the present year, as attached to this report, and which will fully explain the necessities of each fund, and also the Annual Report of the

Board of Education.

Board of Water Commissioners.

Report of Sewer Commissioners.

Report of Fire Commissioners.

Report of Police Commissioners, and officers of the House of Correction for the fiscal year 1868.

Respectfully submitted,

B. G. STIMSON,

Controller.

The following statement embraces all the uncollected taxes now due on past years, as appears from the books in this office, viz:

General city taxes, 1868.....	\$38,228 77
School taxes, 1868.....	11,786 93
Highway taxes, 1868.....	5,783 39

Sewer taxes, 1868.....	\$1,169 00
Police taxes, 1868.....	7,839 57
Special insurance taxes, 1868.....	2,622 91
	<hr/>
	67,430 57
Also city bids from 1844 to 1867.....	18,356 05
	<hr/>
	\$85,786 62

To which may be added the following aggregate losses for uncollected taxes on personal property, which could neither be collected nor sold, and may therefore be classified as worthless, viz :

General city taxes, 1861 to 1867	\$10,475 96
School taxes, 1864 to 1867.....	2,145 21
Highway taxes, 1861 to 1867	1,514 79
Sewer taxes, 1861 to 1867.....	227 05
Police taxes, 1865 to 1867.....	1,257 68
Special insurance taxes, 1867.....	1,241 40
	<hr/>
	16,861 99
Total uncollected taxes.....	<hr/>
	\$102,648 61

I have in former reports called the attention of your honorable body to the necessity of taking some definite action, about those worthless balances, that would be a base to justify the Treasurer to wipe out these worthless accounts, and recharge them back to their proper funds, and thus give to every credit balance a nearer standard of its real value, but up to this time it has been overlooked. An instance of its necessity is forcibly presented in looking over the annual report of the Board of Education, where reference is made to their credit on the books of the "City Treasurer," which is set down without any consideration of loss; in like manner the Police Fund, and in fact all the other funds have their yearly ratio of losses on the general appropriation, which require a process of pruning to bring them to represent their true value.

The Sinking Fund now has in its hands the following assets, viz :

BONDS OF THE CITY OF DETROIT.

Sevens, 1 bond due 1867.....	\$200
Sevens, 1 bond due 1868.....	200
Sevens, 40 bonds due 1869.....	20,000
Sevens, 24 bonds due 1881.....	24,000
	<hr/>
	\$44,400

There has been paid and destroyed during the past year of matured bonds, the sum of \$23,000.

In my last annual report I called the attention of your honorable body to the large amount of bonds which would mature the present year, requiring to be provided for. I therefore rely upon the timely action of the proper commissioners, who no doubt will fully anticipate the wants of the Sinking Fund, and give the matter such attention as the exigency of the case may require.

In the foregoing report I have fully detailed the receipts and disbursements, and to which I have herewith appended a schedule of the ledger balances at the end of the fiscal year just closed, from which extended exhibit of the past, may be readily drawn for the future, such deductions as your wisdom may suggest.

Respectfully submitted,

E. S. LEADBEATER,

City Treasurer.

BALANCE SHEET.

CONTROLLER'S ESTIMATES.

CONTROLLER'S OFFICE, }
DETROIT, April 12, 1869. }

To the Honorable the Common Council:

GENTLEMEN—I respectfully submit to your honorable body the following estimates for city expenditures for the fiscal year 1869, as required by chapter 8, section 5, of the charter. I also herewith submit a full detailed statement, exhibiting all the data and facts on which the estimates are made:

APPROPRIATIONS MADE FOR FISCAL YEAR 1868.

Sinking Fund.....	\$10,000 00
Interest Fund.....	40,000 00
City Poor Fund.....	20,000 00
Board of Education Fund.....	90,226 00
Contingent Fund.....	15,987 27
General Fund	68,883 00
Fire Department Fund.....	66,872 88
Public Building Fund.....	500 00

Park Improvement Fund.....	\$1,500 00
Public Sewers Fund.....	50,000 00
Street Opening Fund.....	10,000 00
Metropolitan Police Fund.....	60,000 00
General Road Fund.....	15,000 00

Road District Fund.

First Ward.....	\$8,500	
Second Ward.....	2,000	
Third Ward.....	2,000	
Fourth Ward.....	2,000	
Fifth Ward.....	5,000	
Sixth Ward.....	6,000	
Seventh Ward.....	3,000	
Eighth Ward.....	3,800	
Ninth Ward.....	8,000	
Tenth Ward.....	6,000	41,300 00
Total.....		\$484,168 25

APPROPRIATIONS REQUIRED FOR FISCAL YEAR 1869.

Sinking Fund.....	\$10,000 00
Interest Fund.....	30,000 00
City Poor Fund.....	27,351 57

Board of Education.

Capita tax on 22,810 children at \$4 each.....	\$91,240	
For building purposes.....	100,000	191,240 00
Contingent Fund.....		20,000 00
General Fund.....		65,000 00
Fire Department Fund.....		66,187 04
Public Building Fund.....		500 00

Park Improvement Fund.

General Expense.....	\$1,500	
For Clinton Park.....	4,000	5,500 00
Public Sewer Fund.....		85,000 00
Street Opening Fund.....		70,000 00
Metropolitan Police Fund.....		60,000 00
General Road Fund.....		54,000 00

Road District Fund.

First Ward	\$3,000	
Second Ward.....	3,500	
Third Ward.....	3,000	
Fourth Ward.....	2,800	
Fifth Ward	6,000	
Sixth Ward	8,000	
Seventh Ward.....	2,800	
Eighth Ward.....	3,700	
Ninth Ward.....	9,000	
Tenth Ward	8,000	
		<hr/>
		\$48,300 00
		<hr/>
		\$732,968 61

The appropriations required for the fiscal year exceed the appropriations of last year the large amount of \$246,820.66, and the increase is on the following funds:

Board of Education Fund	\$100,000 00
General Road Fund.....	39,000 00
Street Opening Fund	60,000.00
Public Sewer Fund	35,000 00
Road District Fund.....	7,000 00
City Poor Fund	7,851 00
Park Fund.....	4,000 00

Respectfully submitted.

B. G. STIMSON,
Controller.

DETAILED STATEMENT.

Sinking Fund.

Amount of appropriation required..... \$10,000 00

The charter requires an annual appropriation for this fund of not less than five nor more than ten thousand dollars, and the latter amount will be required, as city bonds fall due this year to the amount of \$59,660.

Interest Fund.

The amount necessary to be appropriated to meet the interest on the public debt, with the balance to the credit of this fund, at the opening of the present fiscal year, will be \$30,000.

City Poor Fund.

Amount required for Supplies and taking care of City Poor, for fiscal year 1869	\$22,000 00
Amount of Liabilities made and remaining unpaid during fiscal year 1868 ..	5,851 57
	<hr/> \$27,851 57

In regard to city poor fund, the credit of that fund at the end of each fiscal year, which closes on the 31st of March, for the past four years, is as follows:

For the year 1868	\$687 22
For the year 1867	1,432 58
For the year 1866	158 62
For the year 1865	1,257 82

Although each year shows a credit, still the fund has been overdrawn by creating liabilities on this fund and paying the same after the commencement of the new fiscal year, as follows: Amounts of indebtedness made during the fiscal year 1867 and paid in the month of April of the fiscal year 1868:

Burial of city poor, March, 1868	\$120 00
Relief of city poor, March, 1868	475 20
St. Mary's Hospital account, March, 1868	188 00
Water for city poor for 1867	465 00
On wood contract for 1867	1,000 00
	<hr/> \$2,248 20
Less credit of this fund at the end of the fiscal year	1,432 08
Fund overdrawn for 1868	<hr/> \$816 62

Accounts paid for indebtedness made during the fiscal year 1866, and paid in the month of April of the fiscal year 1867:

Burial of city poor	\$40 00
Relief of city poor, March, 1867	883 96
St. Mary's Hospital account, February and March, 1867	516 85
Water for city poor for fiscal year 1866	289 40
	<hr/> \$1,679 71
Less credit of this fund at the end of fiscal year	158 62
Fund overdrawn for fiscal year 1866	<hr/> \$1,526 00

Accounts paid for indebtedness made during the fiscal year 1865, and paid in the month of April of the fiscal year 1866:

Relief of city poor, March, 1866.....	\$825 20
Burial of city poor, March, 1866.....	104 00
St. Mary's Hospital account, March, 1866.....	129 00
Water for city poor for 1865.....	545 44
	<hr/>
	\$1,603 64
Less credit of this fund for fiscal year 1865.....	1,257 82
	<hr/>
Fund overdrawn for fiscal year 1865.....	\$345 81

It appears that the poor fund has been overdrawn for a number of years past by carrying liabilities of one year into the next fiscal year. At the end of the present fiscal year there is a credit as usual to this fund of \$296.06, with liabilities upon this fund created during the fiscal year to be provided for as follows:

Balance on contract for 1,000 cords of wood.....	\$1,655 50
Relief of city poor, month of February.....	2,307 90
Relief of city poor, month of March.....	1,041 17
Thos. Lewis' account for wood.....	675 50
Burial of city poor.....	80 00
St. Mary's Hospital account for March.....	149 50
Harper Hospital account for March.....	42 00
	<hr/>
Liabilities unpaid for fiscal year 1868.....	\$5,351 57

It is proper to say that the indebtedness made in the fiscal year 1867, and paid during the month of April of the fiscal year 1868, should be deducted from the above amount as overdrawn, to show the actual amount overdrawn during the fiscal year 1868, yet it was understood by the Controller and Committee on Ways and Means, that in increasing the appropriation for the Poor Fund for the fiscal year 1868 from \$17,500 to \$20,000, the increase would be sufficient to meet these liabilities and take care of the city poor for the last fiscal year. The liabilities of the preceding fiscal year, and which are included as paid in the present fiscal year 1868, are as follows:

Valentine Geist, burial city poor, April, 1867.....	\$48 00
Hugh Johnson, repairs to hearse.....	40 00
Fred. Gies, bill of wood.....	683 50
St. Mary's Hospital, care of sick, February, 1867.....	176 76
St. Mary's Hospital, care of sick, March, 1867.....	226 50
L. B. Willard, relief of city poor, February, 1867.....	2,390 51
L. B. Willard, relief of city poor, March, 1867.....	1,885 30

Fred. Gies, bill of wood, March, 1867.....	\$198 00
Wm. H. Chandler, M. D., vaccinating, March, 1867.....	12 50
Henry F. Lyster, M. D., vaccinating, March, 1867.....	12 50
Total liabilities made in fiscal year 1867 and paid in the fiscal year 1868	\$5,622 57
Total liabilities made in the fiscal year 1868 and to be paid during the fiscal year 1869	5,351 57

Board of Education.

Appropriation required..... \$191,240 00

The last Legislature passed an act relative to free schools in the City of Detroit, in which it increased the per capita tax from \$3 to \$4.

The last school census shows an increase since 1867 of 1,068 children. The present census is 22,810, which, at a per capita tax of \$4, amounts to... \$91,240 00

Primary School Fund..... 10,036 40

Giving an amount of..... \$101,276 40
for the support of our public schools.

The Board of Education ask an appropriation this year of \$100,000 for the purchase of ground and for building purposes, as per section thirteen of said act, which authorizes and empowers the Board of Education to levy and collect, in addition to all other taxes authorized by this act to be assessed and levied for school purposes in the City of Detroit, a sum not to exceed in any one year five mills on the dollar of all taxable valuation of the real and personal property in said city, etc., etc. Provided, that it shall be competent for the Common Council of the City of Detroit to issue the bonds of said city for the whole or any part of said tax not exceeding in any one year five mills on the dollar of the taxable valuation of the real or personal property as aforesaid, said bonds to run twenty years, but payable any time after five years, and bearing interest at the rate of seven per cent per annum.

Section fifteen of this act requires the President of said Board of Education to submit or cause to be submitted to the approval of the citizens of said city, at the meeting required by law to be held for the approval of such annual taxes voted by the Common Council of said city, as require such approval of a citizens' meeting, the said tax not exceeding five mills on the dollar of the taxable valuations of the real and personal property as aforesaid, and the citizens' meeting may, if said estimates shall be approved, determine what portion of

said tax shall be levied and collected in that year, and what portion raised by the issue of the bonds of the city provided for in section fourteen of this act.

Detailed estimate as furnished by the President of the Board of Education.

ESTIMATE OF RECEIPTS AND EXPENDITURES FOR THE YEAR 1869.

ESTIMATE OF RECEIPTS.

From the per capita tax, 22,890 children at \$4	\$91,280	
Primary School Fund (about).....	10,000	
	<hr/>	\$101,280 00

ESTIMATE OF EXPENDITURES.

For Teachers' Salaries (page 27 printed report).....	\$54,950	
Four more Teachers, 16 weeks in Duffield School.....	1,300	
One Teacher in new Colored School.....	850	
	<hr/>	\$56,500
For Fuel, 1,000 cords wood at \$7.....	\$ 7,000	
For 40 tons of coal at \$10.....	400	
	<hr/>	7,400 00
For Superintendent and Secretary.....	2,500 00	
For Janitors	4,000 00

For Remaining Indebtedness.....	9,200 00	
	<hr/>	\$92,402 50
		<hr/>
		\$ 8,777 50

The Board of Education have, after full deliberation, resolved to ask of the freemen's meeting an appropriation of (\$100,000) one hundred thousand dollars for building school houses during the current year.

B. G. Stimson, Esq., City Controller :

I respectfully submit the above as the estimate of the receipts and expenditures of the Board of Education for the support and maintenance of the free

schools of the City of Detroit for the year 1869; also the amount the said Board have voted to ask of the citizens for building school houses during this year.

ROBERT W. KING,

President of Detroit Board of Education.

Dated, Detroit, Mich., April 5th, 1869.

CONTINGENT FUND.

This Fund is difficult to estimate upon, as the fund was nearly exhausted at the end of the last fiscal year. I will estimate an appropriation of.. \$20,000 00

GENERAL FUND.

As this Fund can be easily estimated for being mostly used for the payment of all salaried officers of the city and the general expenses, I shall require at least..... 65,000 00

FIRE DEPARTMENT FUND.

I send the estimates as furnished by the Commissioners of the Fire Department. They require for the present fiscal year..... 66,137 04

PUBLIC BUILDING FUND.

Amount required for ordinary repairs upon all public buildings owned and controlled by the city..... 500 00
Hay and Wood Market, Western District..... ..

NEW CITY HALL FUND.

The construction of the new City Hall progresses as fast as was expected, and so far as the work has been done gives good satisfaction to the Building Committee and the architect in charge thereof. There has been expended upon this work from the commencement to the end of the fiscal year 1868, as follows:

For construction of basement and foundation to grade of street, including salary of architect, drawing of plans, etc.....	\$63,527 09
Paid on Osburn & Co.'s contract, salary of architect, etc., during the fiscal year 1868	113,507 85
	<hr/>
	\$177,034 94

Balance of Osburn & Co.'s contract, payable as the work progresses.....	\$269,683 85
Estimate cost of heating apparatus, stone walk, iron fences, grading, etc ...	35,000 00
Estimate cost of furnishing desks, furniture for court rooms and offices, gas fixtures, etc	10,000 00
Estimate total cost of building when finished.....	\$491,718 79

It is to be hoped that permission will be granted the Building Committee to change the present flat roof to a Mansard or French roof. By doing this it will give a good attic, the room of which will be valuable to the city, also very much improve the appearance of the building, as the surroundings will be such as to cause the edifice to look too low in comparison with the buildings adjacent. As the contract obliges the contractors if any changes or additions are made in the construction, detail or execution of the plans agreed upon, such additions or changes shall be done in the ratio or proportion such work may bear to the whole contract works agreed to be performed, and the same to be determined by the architect. As the charter authorizes the Common Council to issue bonds for an amount sufficient to complete the new City Hall it will not require any appropriation to be made for the present year's work upon that edifice.

HAY AND WOOD MARKET, W. D.

The city has procured from Luther Beecher sufficient ground for a hay and wood market, and also for a pound in the Western District, situated on Michigan avenue between Tenth and Twelfth streets, to wit: 50 feet front on Michigan avenue, running back 240 feet, also in rear of that parcel of land 225 feet by 180 feet, making in all equal to about 300 square feet, on the following conditions: The city to pay rent for the same for one year \$650, and Mr. Beecher to submit proposals for the sale of the same to the city before the annual free-men's meeting, and in the event the city declines to purchase the above property upon the terms submitted, then Mr. Beecher is to lease the same to the city for one to four years, by the city paying rent seven per cent, on the fair valuation of the property, together with taxes.

I herewith submit Mr. Beecher's proposals for your consideration and action.

[COPY.]

"April 13, 1869.

"Mr. B. G. Stimson, Controller of the City of Detroit:

"DEAR SIR—In accordance with one of the clauses in the lease of ground for western hay scales and market, I herewith offer a plat and description (made by the City Surveyor) of the property.

"I will sell the same for the sum of \$15,000, payable in three equal annual payments, and interest, or on any length of time, provided that seven per cent bonds are given in payment therefor.

"Yours respectfully,
"LUTHER BEECHER."

PARK IMPROVEMENT FUND.

Amount of appropriation required.....	\$5,500 00
For ordinary expenses taking care of park.....	\$1,500 00
Amount to be expended on Clinton Park.....	4,000 00

The City of Detroit and Bishop Lefevere dedicated to the public on the 7th of August, 1868, the old cemetery grounds for a public park on the following conditions:

1st. To be used for a public park to be known and called "Clinton Park," and to be kept and maintained as such.

2d. That the proper authorities of the City of Detroit shall at once, or as soon as may be, fence in and ornament the same for the usual and suitable purposes of a public park, and forever keep the same in a suitable condition for a public park.

3d. That the City of Detroit shall quit claim for the use of St. Mary's Hospital a certain lot.

4th. That the City of Detroit shall procure and convey to Bishop Lefevere a suitable lot in Mt. Elliott Cemetery, and shall remove from the Catholic portion of the premises hereby dedicated, to said lots, all bodies buried therein, and cause the same to be suitably interred in said lots in said Mt. Elliott Cemetery.

The City of Detroit have complied with the above conditions, except in the removal of the bodies to Mt. Elliott Cemetery, and purchasing suitable lots for interring the same, and fencing and ornamenting what is now known as Clinton park.

It will require a large expenditure of money to carry out the conditions above specified, especially if the parties owning lots in the old cemetery claim a compensation for their lots in the Protestant portion of the same, with expenses of removing the bodies from that portion of the ground to Woodmere Cemetery.

In regard to the other public parks the expenditures made annually upon them, and in the manner made, seem to be very unsatisfactory. Very few of the trees that are annually planted live through the summer, and very little or no care is taken of them; and some of our parks are not properly graded that trees can be suitably planted therein to insure their growth.

PUBLIC SEWER FUND.

I estimate for Public Sewer Fund the amount the charter authorizes, and as requested by the Sewer Commissioners..... \$85,000 00

STREET OPENING FUND.

Amount of appropriation asked for..... 70,000 00

At an informal meeting of the Aldermen, held on the 9th inst., in regard to street openings and the amount they deem necessary to be appropriated the coming year for that purpose, they decided it would require to open streets, as appeared to them to be of the most importance, the sum of \$70,000, as follows:

For street opening in First Ward.....	\$ 2,000
For street opening in Second Ward.....
For street opening in Third Ward.....
For street opening in Fourth Ward.....
For street opening in Fifth Ward.....	2,200
For street opening in Sixth Ward.....	10,800
For street opening in Seventh Ward.....	12,000
For street opening in Eighth Ward.....	8,000
For street opening in Ninth Ward.....	20,000
For street opening in Tenth Ward.....	15,000

There can be no question in regard to the necessity of opening and extending many of our streets; they must be done eventually, and the longer they are delayed the greater the expense.

The iron bridge on Lafayette avenue, spanning the railroad track, cost about \$20,000, with the abutments, the past year, yet it is now useless unless Lafayette avenue is opened and extended beyond the railroad track. There are other streets of as much importance to be opened and extended as this, and unless a different system is devised than the present one in opening and extending streets, some appropriation should be granted. I would suggest the propriety of directing the commissioners on plans as soon as may be, to cause to be made a map or plan of such portions of the city as are not already subdivided into lots, blocks, streets and alleys, and such plan shall designate the lines and location of each street and alley, conforming as near as can be to the streets and alleys already laid out, and the same, when approved by the Common Council, shall by ordinance require all persons hereafter, when they subdivide lands into lots, blocks, streets and alleys, to conform to such map or plan.

METROPOLITAN POLICE FUND.

The Board of Metropolitan Police Commissioners estimate the requirements of that Board to be \$60,000.

I refer you to the communication of the Hon. J. S. Farrand, President of said Board, and the detailed statement of their estimates hereto attached.

OFFICE BOARD OF METROPOLITAN POLICE COMMISSIONERS,
DETROIT, April 6, 1869. }

Hon. B. G. Stimson, Controller of the City of Detroit:

SIR—In accordance with the requirements of section 22 of the Police act, to establish a police government for the city of Detroit, the Board have instructed me to lay before you the annexed estimate of the cost and expense of providing for and maintaining the Police Department of this city from July 1st, 1869, to July 1st, 1870, to be included in your annual estimate.

Very respectfully,

Your obedient servant,

J. S. FARRAND, President.

ESTIMATE.

DETROIT, April 13, 1869. }

B. G. Stimson, Esq., Controller:

SIR—I herewith submit the following estimates necessary for the General Road Fund for paving improvements, etc., at the intersection of streets, as per amendment of charter, on a basis of one hundred and fifty thousand dollars (\$150,000).

Amount required by general tax on \$150,000.....	\$25,500 00
Estimated additional amount that will be ordered by Council on majority of feet front, by property owners on various streets, sixty thousand dollars (\$60,000).	
Amount required by general tax on \$60,000.....	10,200 00
Additional amount required by general tax if Adams avenue, in front of Cass Market, Grand Circus Park, and Park street around Grand Circus Park, and Williams street around Grand Circus Park, are paved and improved	8,800 00
Estimated amount for re-paving Jefferson avenue, from Shelby to Cass street, exclusive of curbstone	3,500 00
	\$48,000 00

Respectfully,

EUGENE ROBINSON,

City Surveyor.

Road District Fund.

Amount of appropriations required	\$49,300 00
---	-------------

The expenditures for Road District Funds have, as usual, very much exceeded the appropriations.

The Road District Funds have for the last seven years been overdrawn as follows:

For 1868, overdrawn	\$2,932 69
For 1867, overdrawn	4,759 90
For 1866, overdrawn	5,046 46
For 1865, overdrawn	2,632 43

For 1864, overdrawn	\$2,045 78
For 1863, overdrawn	1,358 97
For 1862, overdrawn	899 26

The Aldermen of each ward furnish the Controller, to enable him to make his annual estimate, the amount they desire for the fiscal year's expenditures of their several wards for cleaning streets, building crosswalks, etc., and are in a great measure responsible for what the different district funds are overdrawn, as they weekly vote moneys to build crosswalks, pay laborers, etc., and are notified when these funds are exhausted, still they continue to order work done, and crosswalks built after notification has been made them through a communication from the Controller to the Common Council to that effect, and usually have by resolution, before the end of the year, directed the Controller to borrow money to pay off laborers and contractors for building crosswalks, etc., after the funds have been exhausted, and no revenue to be anticipated from the appropriations made for Road Districts for the current fiscal year, and to add the amount so borrowed to the appropriations for Road Districts the next fiscal year. I would respectfully urge your honorable body to avoid, if possible, the continuation of this practice.

The estimates for the several Road Districts for the present fiscal year are as follows:

1st Ward	\$3,000 00
2d Ward.....	3,500 00
3d Ward.....	2,000 00
4th Ward.....	2,300 00
5th Ward.....	6,000 00
6th Ward.....	8,000 00
7th Ward.....	2,800 00
8th Ward.....	3,700 00
9th Ward.....	9,000 00
10th Ward.....	8,000 00
	<hr/>
	\$48,300 00

Accepted, and the estimates and detailed statement referred to Committee on Ways and Means.

FROM THE BOARD OF FIRE COMMISSIONERS.

DETROIT, April 13, 1868.

To the Honorable the Common Council:

GENTLEMEN—The Board of Fire Commissioners of this city, in compliance with their act of incorporation, herewith submit to your honorable body the following as an estimate of their expenses for the current fiscal year.
